## Torpedo Transport Accidentally Blown up in Harbor of Port Arthur.

### HEAVY LOSS OF LIFE OCCURS

FOUR OFFICERS AND NINETY-ONE MEN PERISH IN DISASTER TO THE YENISEI.

### HEAVY FIRING HEARD AT SEA

BELIEVED AT TIENTSIN THAT ANOTHER NAVAL BATTLE HAS TAKEN PLACE.

St. Petersburg, Feb. 13.—A report has been received from Viceroy Alexieff saying that the Russian torpedo transport Yenisei has been blown up as the result of accidentally striking a mine at Port Arthur. The Yenisei sank and Captain Stepanoff, three officers and ninety-one men were lost.

The Yenisei was built at the Baltic works in 1899. She was of 2,500 tons displacement and could make sixteen knots. Her armament consisted of five 12-pounder and six 3-pounder quick-firing guns.

Tientsin, Feb. 13.—It is reported from Chin Wang Tao, about 150 miles northeast of here, that heavy firing has been heard at sea and it is inferred that another engagement has taken place.

### MERCHANT VESSEL SUNK.

Russian Warships Bombard Japanese Steamers.

Washington, Feb. 13.—The Japanese legation last evening received the following dispatch under date of Tokio, Feb. 11:

"Two small Japanese merchant ships, Zensho Maru and Nakonoura Maru, while on their way to Otaru, a port on the western coast of Yezo Island, from Sakata, a port on the northern coast of the main island of Japan, were fired on Feb. 11, by four Russian men-of-war off the coast of Aomori Prefecture and the latter was sunk while the former had a narrow escape.

"The Russian men-of-war are still seen off the western coast of Yezo Island. They are supposed to be the first-class cruisers which have been shut up at Vladivostok and tried for some time to join the main squadron at Port Arthur."

This indicates that the reported bombardment of Hakodate, Japan, on Tuesday, may have been true.

### SIGNIFICANT ACTION.

British Government Warns Retired Naval Officers.

London, Feb. 13.—The Daily Telegraph this morning says the British admiralty has sent letters of warning to all retired officers who are eligible for service.

Complete silence has fallen over the far East. Not a word of news is to be had here except the report given out at the Japanese legation of the

shelling of two Japanese merchant vessels by four Russian warships, and the report from Viceroy Alexieff of the blowing up of the Russian torpedo transport Yenisei.

This long silence has given rise to the belief that important events are happening.

The Daily Mail learns the Japanese will bring into use a new explosive, which is alleged to be more powerful than any hitherto discovered.

### FIRE UPON BY RUSSIANS.

Three Chinamen Wounded on Board a British Vessel.

Chefoo, Feb. 13.—The British steamer Fu Ping, when leaving Port Arthur, was fired upon by Russians. Three Chinese members of the crew were wounded. The Russians afterward apologized for firing on the vessel. The Fu Ping upon its arrival at Wei Hai Wei filed a protest with the British commissioner.

The American consul has reported to United States Minister Conger that the Russian authorities have refused to allow the American steamer Pliades to leave Port Arthur. The Pliades sailed from Seattle Feb. 2 with a cargo of flour.

### PROCEEDING SATISFACTORILY.

Disembarkation of Japanese Troops at Various Points.

London, Feb. 13.—The Japanese minister here, Baron Hayashi, has received a dispatch from the government at Tokio announcing that the latter has not yet received an official report of the battle fought off Port Arthur and adding that apparently the disembarkation of Japanese troops is proceeding satisfactorily and without disorder at Chemulpo, the port of Seoul, Korea, and elsewhere.

### IN EVENT OF RUSSIAN DEFEAT.

Germany Will Create a Diversion in Her Favor.

London, Feb. 13.—The St. Petersburg correspondent of the Daily Telegraph claims unimpeachable authority to declare that in the event of Russia being defeated in the far East, Germany will make a diversion in her favor likely to have far-reaching results.

### ADMIRAL TOGO REPORTS.

Sends Tokio an Account of Attack Upon Port Arthur.

Tokio, Feb. 13.—Vice Admiral Togo's official report of the desperate attack of the Japanese fleet at Port Arthur has reached Tokio. The report was written at sea, Feb. 10, at a point undisclosed by the navy department.

The report briefly and modestly recounts the Japanese victory. Vice Admiral Togo left the battleground not knowing the full extent of the damage his torpedoes had inflicted, but he was evidently confident that the Russians had suffered heavily. A translation of his report follows:

"After the combined fleet left Sasebo, Feb. 6, everything went as planned. At midnight, Feb. 8, our advance squadron attacked the enemy at Port Arthur. At the time the enemy's advance squadron was for the most part outside of Port Arthur. Of the advance squadron at least the battleship Poltava, the protected cruiser Askold and two others appeared to have been struck by our torpedoes. On Feb. 9 at noon our fleet entered in the offing of Port Arthur bay and attacked the rest of the enemy's ships.

"The result of this attack is not yet known, but it is certain that considerable damage was inflicted on the enemy and I believe they were greatly demoralized. They stopped fighting about 1 o'clock and appeared to retreat into the harbor. In this action the damage to our fleet was very slight and our fighting strength is not in the least decreased. The number of killed and wounded was fifty-eight. Of these four were killed and fifty-four wounded. A report of this engagement of the squadron at Chemulpo has probably been sent you already directly by Admiral Uriu as our advance squadron bore the brunt of the enemy's fire, and after the attack for the most part rejoined the main fleet.

"The imperial princes on board the ships are unhurt.

"The conduct of all our officers during the action was cool, not unlike that during the ordinary maneuvers. Since the battle their spirits have been high, but their conduct was very calm. This morning, owing to a heavy south wind, there has been no communication between the ships, and no detailed report has been received from each vessel, so I report merely the above facts."

### IMPERIAL UKASE ISSUED.

Orders Siberian Troops to Be Ready for War.

St. Petersburg, Feb. 13.—An imperial ukase dated Feb. 10 was issued

Friday. It commands that all troops in the military establishments in the Siberian military districts be placed in readiness for war, that all the divisions in the far Eastern vicerealty be brought up to war strength and that the army and navy reserves in the Siberian and Kazan districts be called out for active service. The authorities are empowered to requisition the necessary horses.

### PROMISES TO BE GOOD.

Abdul Hamid Will Not Start Trouble in Balkans.

Paris, Feb. 13.—The Berlin correspondent of the Gaulois says he learns from a reliable source that Emperor William, profiting by his influence over the sultan, has obtained from the Turkish ruler a formal promise to take no steps which would create complications in the Balkans so long as the war in the far East lasts. It is alleged, the correspondent continues, that Bulgaria has given a similar pledge to St. Petersburg.

### BREAKS ALL RECORDS.

Speaker Cannon Obtains Passage of Many Pension Bills.

Washington, Feb. 13.—Speaker Cannon Friday took the bit in his teeth and ran completely away with legislative precedent in the house. Incidentally he broke all previous records in the dispatch of private pension bills. Under his guidance 320 of these measures of relief were passed by the house in 155 minutes. Nearly the whole of this time was consumed in committee of the whole.

The house passed the bills "en bloc" under unanimous consent, which the speaker himself asked for. About half of the bills were disposed of under this request, those without amendment.

When objection was temporarily made the speaker plainly showed his displeasure by dragging the proceedings. The objection was withdrawn, whereupon the remaining bills were declared passed without even the formality of having the clerk read their numbers.

### ENDORSES ROOSEVELT.

Ohio Republican League Convention Favors His Nomination.

Cleveland, Feb. 13.—Just as resolutions, passed almost by unanimous vote, were adopted by the Ohio Republican League convention late Friday afternoon, endorsing President Roosevelt's nomination for the presidency, Governor Herrick arose and in a broken voice announced the desperate condition of Senator Hanna. An impressive silence fell upon the assembly, which was followed by the introduction of Senator Foraker, who spoke most feelingly of his colleague in the senate and said that while there had been differences of a political nature between Mr. Hanna and himself they had all been fought out in the open and he only had the most sincere admiration and respect for him. He added that if Mr. Hanna should die the country would lose one of its greatest statesmen and leaders.

The banquet which was to have been held here at night as the concluding feature of the Ohio Republican League has been abandoned by reason of the serious illness of Senator Hanna.

### STIFER FOUND GUILTY.

Verdict of First Degree Murder Returned by Jury.

Des Moines, Feb. 13.—William E. Stifer was found guilty of murder in the first degree by the jury at Grundy Center Friday where he was being tried. Stifer was accused of murdering his wife. They were members of a Dunkard community. His attorneys put up a suicide theory as a defense.

### SENATE FORCED TO ADJOURN.

Vote on Appropriation for Liliuokalani Fails to Develop a Quorum.

Washington, Feb. 13.—The senate Friday listened to the reading by Mr. Carmack of a speech prepared by Mr. Morgan in opposition to the president's policy with reference to an isthmian canal and also considered the bill appropriating \$200,000 to ex-Queen Liliuokalani of Hawaii. Speeches in support of the bill were made by Mr. Blackburn and Mr. Mitchell and in opposition by Mr. Spooner and Mr. Platt of Connecticut. Mr. Spooner moved to recommit the measure, but the vote on this motion failed to develop a quorum, so the senate was forced to adjourn.

## NOT READY TO REPLY

CZAR WILL FIRST SUBMIT SECRETARY HAY'S NOTE TO MILITARY AUTHORITIES.

### CHINA WORRIES RUSSIANS

CELESTIAL EMPIRE HAS NOT DECLARED HER NEUTRALITY IN PRESENT WAR.

St. Petersburg, Feb. 13.—Russia is evidently not prepared at this time to give an answer to the United States to Secretary Hay's note on the subject of the neutrality of China. Hostilities having begun, the military authorities must be consulted and the czar doubtless will refer the matter to Viceroy Alexieff if he has not already done so. Russia, it can be said, is certainly as anxious as the United States that the war cause no risings or disorders in China; indeed, the attitude of China is already causing some misgivings here as she has not yet declared her neutrality.

It is thought here that the action of the Japanese in flooding Peking with posters relating their victories is part of a well laid campaign projected from the beginning to break down Russia's prestige in China for the purpose of ultimately effecting the union of the two races, which would make the "yellow peril" a reality.

Russia has already learned of the position taken by several powers regarding Secretary Hay's note.

Germany and Great Britain, it is understood, both express sympathy with its purpose but with an important reservation concerning Manchuria, which is now the theater of war. Germany's views in this respect were anticipated, but Great Britain's failure to give Secretary Hay unqualified support has caused surprise here.

### SUBSTANCE OF HAY'S NOTE.

Suggests Limiting of Hostilities to Smallest Possible Area.

Washington, Feb. 13.—To Russia and Japan, the Washington government suggests the propriety of limiting hostilities within as small an area as possible and of respecting the neutrality and administrative entity of China, that China may be free from disturbances and foreign interests there from menace.

The above is given out as the substance of the note addressed by Secretary Hay on Feb. 10 to the St. Petersburg and Tokio governments. On Feb. 8 in a note to Germany, Great Britain and France, Mr. Hay invited those powers concurrently to address Russia and Japan with the same suggestion, and on Feb. 11 this invitation was extended to Italy, Austria-Hungary, the Netherlands, Denmark, Spain and Belgium.

Germany was the first to respond with a prompt acceptance of the invitation and the promise that she immediately would address the two combatants.

Great Britain was heard from next, expressing adherence to the principle laid down, but withholding formal acceptance pending an answer to an inquiry whether the "administrative entity" of China involved Manchuria. Japan was heard from quickly with the answer that she would act readily on the suggestion of the United States if a similar promise could be obtained from Russia.

Austria-Hungary and The Netherlands expressed sympathy with the idea and promised an answer after consultation with other powers. Spain and Belgium may accept the invitation. Russia thus far has been silent and the attitude of France is one of hesitation.

This is the situation at present. Meantime it is learned that Germany is addressing the combatants with a note in substance the same as that of Secretary Hay.

### POLITICAL TROUBLE GROWING.

State of Anarchy Said to Prevail in Bolivia.

Colon, Feb. 13.—Political troubles in the department of Bolivar are growing. The steamer Le Calvados of the French line has arrived here from Cartagena and Savanilla and brings news of a rebellion and practically a state of anarchy in the department, which has lasted for almost two weeks and which arose from the determination of the government at Bogota to oust Diego de Castro from his position of commander-in-chief of the military forces in Bolivar.

De Castro and Governor Insuarez favored General Reyes for president; the Bogota government favored Joaquin Velez. Castro refused to relinquish command to General Manjares because he feared adverse influence to General Reyes, but Manjares succeeded in entering Barranquilla with a large force while Castro was away with an expedition.

It is rumored that De Castro has now retired to the province of Santander, where he intends to muster forces, march to Barranquilla and recapture it.

It is regarded as most extraordinary in the department of Bolivar that the disorders did not culminate in the shedding of blood.

The result of the presidential election is not known on the coast, but it is said that General Reyes polled a large majority of the votes in the department of Bolivar.

### SHAW TALKS AT CHICAGO.

Secretary of the Treasury Discusses Canadian Reciprocity.

Chicago, Feb. 13.—Lincoln's birthday was observed in Chicago by the Marquette club with a banquet and public meeting at the Auditorium. Secretary of the Treasury Shaw was the principal speaker. He talked on "The Democratic Quadrilateral Search for an Issue." His words were listened to with interest by the members of the club, as the address was looked upon as a sort of national campaign starter.

Mr. Shaw said the attitude of Canada at present precluded the possibility of reciprocity, because Canada asked too much and offered too little.

Other speakers were Representative Robert Coussins of Iowa, who replied to the toast, "Abraham Lincoln," and Congressman Henry S. Boutell.

Civil war veterans held a banquet in St. Paul in honor of Lincoln's birthday, at which noted men spoke. At various other cities of the country the day was appropriately observed.

### MOODY AT LINCOLN BANQUET.

Secretary of the Navy Pleads for More Warships.

New York, Feb. 13.—Lincoln's birthday was celebrated by the Republican club of New York by a banquet at the Waldorf, attended by 600 guests, of whom 100 were women. Louis Stern, president of the club, acted as toastmaster.

Hamilton W. Mabie, Senator Charles W. Fairbanks, Senator Chauncey M. Depew and Secretary of the Navy W. H. Moody were the speakers. Many prominent men were present. Letters of regret were read from President Roosevelt and Senator Hanna.

Secretary Moody was the last speaker of the evening. He pleaded for a stronger navy.

At the Union League club dinner Senator Quinlan of Wisconsin defended President Roosevelt Panama policy.

Generals Joe Wheeler and A. W. Greeley, Ida M. Tarbell, A. R. Spofford and Colonel Albert Chandler spoke at the Chicago society's banquet at Delmonico's.

### MANY NOTED MEN ATTEND.

Republican Clubs Hold Banquet at Grand Rapids, Mich.

Grand Rapids, Mich., Feb. 13.—The annual Lincoln day banquet under the auspices of the two Republican clubs of this city eclipsed in point of attendance and the notable guests present, all the former successes achieved by the organization. Baron von Sternburg, Senator Dooliver, Congressman Cushman, ex-Congressman Wise, Colonel E. S. Pierce, Congressman R. P. Bishop and William Alden Smith of Michigan and many other notable men were present and delivered addresses.

Twenty-five hundred people sat down to a banquet in the Auditorium. Congressman William Alden Smith was toastmaster and Mayor Palmer was the first speaker.

Baron Sternburg was then introduced and responded in an address on "The German Emperor."

### AT LINCOLN'S TOMB.

Exercises Held by G. A. R. and Women's Relief Corps.

Springfield, Ill., Feb. 13.—Lincoln's birthday was observed by exercises at Lincoln's tomb in Oak Ridge cemetery, where several hundred persons assembled. The exercises were held under the auspices of Stephenson Post, G. A. R., and Stephenson Woman's Relief Corps. Floral offerings were placed on the sarcophagus.

### MRS. LORENZ AT LIBERTY.

Justice Pritchard Directs Jury to Find Verdict of Not Guilty.

Washington, Feb. 13.—Before court adjourned in the postal trial Friday Mrs. Martha J. Lorenz was a free woman.

Justice Pritchard, acting on a motion of Mr. Kunler, ruled that there was not sufficient evidence to hold her and directed the jury to find a verdict of not guilty. She simply smiled at the announcement and was warmly congratulated by her counsel and friends.

Justice Pritchard's decision came immediately after all the evidence was in. Several witnesses in rebuttal testified, one of whom was John R. Tolles, the stenographer, who took down the questions and replies at the time Machen was under investigation in Mr. Bristow's office May 29, 1903. The witness, under a searching cross-examination, admitted that he had made a number of errors in transcribing his notes.

Washington, Feb. 13.—The senate Friday listened to the reading by Mr. Carmack of a speech prepared by Mr. Morgan in opposition to the president's policy with reference to an isthmian canal and also considered the bill appropriating \$200,000 to ex-Queen Lilluokalani of Hawaii.

Speeches in support of the bill were made by Mr. Blackburn and Mr. Mitchell and in opposition by Mr. Spooner and Mr. Platt of Connecticut. Mr. Spooner moved to recommit the measure, but the vote on this motion failed to develop a quorum, so the senate was forced to adjourn.

## NOT READY TO REPLY

CZAR WILL FIRST SUBMIT SECRETARY HAY'S NOTE TO MILITARY AUTHORITIES.

## CHINA WORRIES RUSSIANS

CELESTIAL EMPIRE HAS NOT DECLARED HER NEUTRALITY IN PRESENT WAR.

St. Petersburg, Feb. 13.—Russia is evidently not prepared at this time to give an answer to the United States to Secretary Hay's note on the subject of the neutrality of China. Hostilities having begun, the military authorities must be consulted and the czar doubtless will refer the matter to Viceroy Alexieff if he has not already done so. Russia, it can be said, is certainly as anxious as the United States that the war cause no risings or disorders in China; indeed, the attitude of China is already causing some misgivings here as she has not yet declared her neutrality.

It is thought here that the action of the Japanese in flooding Peking with posters relating their victories is part of a well laid campaign projected from the beginning to break down Russia's prestige in China for the purpose of ultimately effecting the union of the two races, which would make the "yellow peril" a reality.

Russia has already learned of the position taken by several powers regarding Secretary Hay's note.

Germany and Great Britain, it is understood, both express sympathy with its purpose but with an important reservation concerning Manchuria, which is now the theater of war. Germany's views in this respect were anticipated, but Great Britain's failure to give Secretary Hay unqualified support has caused surprise here.

## SUBSTANCE OF HAY'S NOTE.

Suggests Limiting of Hostilities to Smallest Possible Area.

Washington, Feb. 13.—"To Russia and Japan, the Washington government suggests the propriety of limiting hostilities within as small an area as possible and of respecting the neutrality and administrative entity of China, that China may be free from disturbances and foreign interests there from menace."

The above is given out as the substance of the note addressed by Secretary Hay on Feb. 10 to the St. Petersburg and Tokio governments. On Feb. 8 in a note to Germany, Great Britain and France, Mr. Hay invited those powers concurrently to address Russia and Japan with the same suggestion, and on Feb. 11 this invitation was extended to Italy, Austria-Hungary, the Netherlands, Denmark, Spain and Belgium.

Germany was the first to respond with a prompt acceptance of the invitation and the promise that she immediately would address the two combatants.

Great Britain was heard from next, expressing adherence to the principle laid down, but withholding formal acceptance pending an answer to an inquiry whether the "administrative entity" of China involved Manchuria. Japan was heard from quickly with the answer that she would act readily on the suggestion of the United States if a similar promise could be obtained from Russia.

Austria-Hungary and The Netherlands expressed sympathy with the idea and promised an answer after consultation with other powers. Spain and Belgium may accept the invitation. Russia thus far has been silent and the attitude of France is one of hesitation.

This is the situation at present. Meantime it is learned that Germany is addressing the combatants with a note in substance the same as that of Secretary Hay.

## POLITICAL TROUBLE GROWING.

State of Anarchy Said to Prevail in Bolivia.

Colon, Feb. 13.—Political troubles in the department of Bolivar are growing. The steamer Le Calvados of the French line has arrived here from Cartagena and Savannah and brings news of a rebellion and practically a state of anarchy in the department, which has lasted for almost two weeks and which arose from the termination of the government at Bogota to oust Diego de Castro from his position of commander-in-chief of the military forces in Bolivar.

De Castro and Governor Insignares favored General Reyes for president; the Bogota government favored Joaquin Velez. Castro refused to relinquish command to General Manjares because he feared adverse influence to General Reyes, but Manjares succeeded in entering Barranquilla with a large force while Castro was away with an expedition.

It is rumored that De Castro has now retired to the province of Santander, where he intends to muster forces, march to Barranquilla and recapture it.

It is regarded as most extraordinary in the department of Bolivar that the disorders did not culminate in the shedding of blood.

The result of the presidential election is not known on the coast, but it is said that General Reyes polled a large majority of the votes in the department of Bolivar.

## SHAW TALKS AT CHICAGO.

Secretary of the Treasury Discusses Canadian Reciprocity.

Chicago, Feb. 13.—Lincoln's birthday was observed in Chicago by the Marquette club with a banquet and public meeting at the Auditorium. Secretary of the Treasury Shaw was the principal speaker. He talked on "The Democratic Quadrilateral Search for an Issue." His words were listened to with interest by the members of the club, as the address was looked upon as a sort of national campaign starter.

Mr. Shaw said the attitude of Canada at present precluded the possibility of reciprocity, because Canada asked too much and offered too little.

Other speakers were Representative Robert Cousins of Iowa, who replied to the toast, "Abraham Lincoln," and Congressman Henry S. Boutell.

Civil war veterans held a banquet in St. Paul in honor of Lincoln's birthday, at which noted men spoke. At various other cities of the country the day was appropriately observed.

## MOODY AT LINCOLN BANQUET.

Secretary of the Navy Pleads for More Warships.

New York, Feb. 13.—Lincoln's birthday was celebrated by the Republican club of New York by a banquet at the Waldorf, attended by 600 guests, of whom 100 were women. Louis Stern, president of the club, acted as toastmaster.

Hamilton W. Mabie, Senator Charles W. Fairbanks, Senator Chauncey M. Depew and Secretary of the Navy W. H. Moody were the speakers. Many prominent men were present. Letters of regret were read from President Roosevelt and Senator Hanna.

Secretary Moody was the last speaker of the evening. He pleaded for a stronger navy.

At the Union League club dinner Senator Charles of Wisconsin defended President Roosevelt Panama policy.

Generals Joe Wheeler and A. W. Greeley, Ida M. Tarbell, A. R. Spofford and Colonel Albert Chandler spoke at the Chicago society's banquet at Delmonico's.

## MANY NOTED MEN ATTEND.

Republican Clubs Held Banquet at Grand Rapids, Mich.

Grand Rapids, Mich., Feb. 13.—The annual Lincoln day banquet under the auspices of the two Republican clubs of this city, eclipsed in point of attendance and the notable guests present, all the former successes achieved by the organization. Baron von Sternburg, Senator Dilliver, Congressman Cushman, ex-Congressman Wise, Colonel E. S. Pierce, Congressman R. P. Bishop and William Alden Smith of Michigan and many other notable men were present and delivered addresses.

Twenty-five hundred people sat down to a banquet in the Auditorium. Congressman William Alden Smith was toastmaster and Mayor Palmer was the first speaker.

Baron Sternburg was then introduced and responded in an address on "The German Emperor."

## AT LINCOLN'S TOMB.

Exercises Held by G. A. R. and Women's Relief Corps.

Springfield, Ill., Feb. 13.—Lincoln's birthday was observed by exercises at Lincoln's tomb in Oak Ridge cemetery, where several hundred persons assembled. The exercises were held under the auspices of Stephenson Post, G. A. R., and Stephenson Woman's Relief Corps. Floral offerings were placed on the sarcophagus.

## MRS. LORENZ AT LIBERTY.

Justice Pritchard Directs Jury to Find Verdict of Not Guilty.

Washington, Feb. 13.—Before court adjourned in the postal trial Friday Mrs. Martha J. Lorenz was a free woman.

Justice Pritchard, acting on a motion of Mr. Kumler, ruled that there was not sufficient evidence to hold her and directed the jury to find a verdict of not guilty. She simply smiled at the announcement and was warmly congratulated by her counsel and friends.

Justice Pritchard's decision came immediately after all the evidence was in. Several witnesses in rebuttal testified, one of whom was John R. Tulles, the stenographer, who took down the questions and replies at the time Machen was under investigation in Mr. Bristow's office May 20, 1903.

The witness, under a searching cross-examination, admitted that he had made a number of errors in transcribing his notes.

## MRS. E. E. HOUGHTON DIES SUDDENLY

Was Found Dead in Her Bed Last  
Evening by Her Son Frank  
at About 8 O'clock.

HAD BEEN DEAD SEVERAL HOURS

She Was an Old and Respected  
Resident of Brainerd Coming  
Here as Early as 1883.

It is a very gruesome experience for a son to go home from his work in the evening and find his mother dead in her bed, having passed away several hours before alone and unattended. This was the sad experience of Frank Houghton, who works for Proprietor George West, of the Horseshoe restaurant, when he returned to his home in the Cale block last evening at about 8:15 o'clock and found his mother, Mrs. Eliza E. Houghton, cold in death.

The last seen of her alive was yesterday morning by Frank just before he went to work, which was about 7:15 o'clock. He states that he spoke to her at that time and she seemed to be feeling quite well and did not make complaint, but according to the physician who examined the body last evening, it was not long after Mr. Houghton left the house that his mother died.

Mrs. Houghton was 75 years of age the 3rd of this month, and she had been a resident of this city since 1883, coming here from Vermont where she was born. Her husband, J. P. Houghton, died many years before she moved to Brainerd. She was also mother of Mrs. D. D. Smith, and at times she made her residence at the Smith home on Kingwood street. Of late she and her son have been keeping house in a suite of rooms in the Cale block.

Mrs. Houghton was a lady greatly respected and loved by many and her death will be quite generally regretted. She was a member and a regular attendant of the First Congregational church in this city. She was years ago in the east a member of the W. R. C. and the Rebekahs but since living in Brainerd she never was affiliated with these orders, but stayed close to her home and attended to the duties of her small household.

Mrs. Houghton had not been feeling well for some time, but it was not thought that her ailment was of a serious nature. She had reached that age when it did not take long for her slight indisposition to do its work and she died peacefully almost, it is thought, before she awoke.

The remains were removed last evening to the undertaking parlors of Losey & Dean where they were prepared for burial. They were removed this afternoon to the home of Mr. and Mrs. D. D. Smith on Kingwood street.

The funeral will be held tomorrow afternoon at 4 o'clock from the home of Mr. and Mrs. Smith.

### Olympian Games.

In addition to the handsome gold medals given by the Louisiana Purchase exposition to the winners of some of the events in the Olympian games, several officers of the fair have now decided to give special prizes on their own account.

David R. Francis, president of the fair, will give a \$250 silver cup to the winner of the great Marathon race to be run at a distance of 40 kilometres, on August 30.

Frederick J. V. Skiff, director of the division of exhibits, will give a \$250 silver cup to the winner of the one mile run in the handicap event for the championship of the world on August 31.

Isaac Taylor, director of the division of works, will give a \$250 silver cup to the winner of the weight-throwing contest on Sept. 1.

Besides the above special prizes in the Olympian games, special prizes will be given in some of the collegiate contests. Walter B. Stevens, secretary of the exposition, will give a \$250 silver cup as a point trophy in the western inter-collegiate championship contests.

### Better Than Gold.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. ## REMAINS ARE BROUGHT HOME.

Frank Sykora Returned this Morning from  
St. Paul With Remains of His Brother  
Joseph Who Died There.

The remains of the late Joseph Sykora were brought back to Brainerd this morning accompanied by Frank Sykora and they were taken to the family residence on Sixth street, where they will lie in state until the funeral which will be held tomorrow afternoon at 3 o'clock from St. Francis' Catholic church. The body will be taken from the house at 2:45 p. m. and all members of the C. O. F. are requested to meet at the house at that hour to attend the funeral in a body. The members of the Elks' band are also requested to meet at that hour at the house.

Frank Sykora stated this morning that all the reports in the St. Paul papers were entirely unfounded. He is positive that his brother did not commit suicide. When he went down he had quite a little money and Frank states that the fact that the transom of the room was tightly closed was conclusive that the young fellow was taking extra precaution for fear of being robbed of what he had. He had not traveled a great deal alone and had seldom been away from home and was not accustomed to the use of a gas light, and it is no wonder that he was not very careful in turning off the jet.

On Wednesday evening he was out of the hotel until about 10:30 o'clock. He met young Arthur Winters, formerly of this city, on that evening and they spent some time together. He was up to Winters' room and stayed until about 10 o'clock. He was in the best of spirits and did not give the slightest evidence of being at all depressed.

### PATRIOTICALLY ENTERTAINED

Members of the Fortnightly Club Entertained This Afternoon by Mesdames

G. W. Ames and N. H. Ingersoll.

A galaxy of well arranged clusters of red, white and blue emblems, large American flags substituted for the portiers and curtains, and tiny American flags placed here and there about the rooms, served admirably as decorations at an American euche party given this afternoon when Mrs. George W. Ames and Mrs. N. H. Ingersoll entertained the members of the Fortnightly club at the home of the former on Kingwood.

The affair, unique in every detail and something out of the ordinary, was voted one of the most pleasant that the ladies have attended this winter, and it gave all present food for thought along the art of providing happy diversions for afternoons.

The patriotic colors red, white and blue prevailed throughout the house and the decorations were so artistically executed that the same throughout in color gave a most desirable effect. In the hall, for instance, as one entered there were two large American flags drooping gracefully from the rack, and here and there little bits of coloring gave tone to the scene. In the front parlor long strings of red, white and blue ribbons were extended from the chandelier to the four corners of the room. The front window was hung with a large flag and another beautiful one hung gracefully in the place of the portiers between the front and back parlors. The same effect was carried out through all the rooms and it offered a most pleasing picture.

The tables were also covered with the American colors. There were twenty ladies present and they played at five tables. On the center of each table there was a bowl of sugar, the exterior of which was also festooned with the red, white and blue. Planted in the center of the bowls on each were little flags with a name of a different fort of prominence in American history. The ladies played five minutes and the signal to progress was a bugle call given at the end of each five minutes. The object was for the four playing together to capture the most forts, which were represented by twenty flags with the names of different forts on them, and at the sound of the bugle those who had the largest number of points would go back to their original table, or fort, and plant their flag in the sugar, which was an indication of victory. At the end of the play the four having planted the largest number of flags were entitled to the four prizes given, two beautiful silk American flags and two smaller silk flags framed.

The same color scheme was carried not only throughout the decorations and in the games, but the refreshments were also in red, white and blue. For instance, the ice cream was in red, white and blue. Delicious refreshments were served and withal the twenty ladies spent one of the most pleasant afternoons of the winter.

The Leroy J. French Peck's Bad Boy Company, now playing a three days' engagement at the opera house, are giving the people plenty of amusement and their money's worth. Mr. French has certainly gauged the public right in finding what they want and giving the same. The company is a well balanced one and consists of singers equal to any ever seen in a comedy at the opera house. Daily Sun, St. John, N. B., Friday, Sept. 17, 1903.

This attraction is at the Brainerd theatre tonight and Mr. French promises some very clever specialties among which are the Tucson Sisters, world's champion rifle experts; Emilie Brunner, a phenomenal lady baritone; the Peck's Bad Boy Quartette and the parasol dance. Alderman, Charlie Wilson and Dr. Chambers, besides many other good numbers. They are all stars in their different lines. ### Olympian Games.

In addition to the handsome gold medals given by the Louisiana Purchase exposition to the winners of some of the events in the Olympian games, several officers of the fair have now decided to give special prizes on their own account.

David R. Francis, president of the fair, will give a \$250 silver cup to the winner of the great Marathon race to be run at a distance of 40 kilometres, on August 30.

Frederick J. V. Skiff, director of the division of exhibits, will give a \$250 silver cup to the winner of the one mile run in the handicap event for the championship of the world on August 31.

Isaac Taylor, director of the division of works, will give a \$250 silver cup to the winner of the weight-throwing contest on Sept. 1.

Besides the above special prizes in the Olympian games, special prizes will be given in some of the collegiate contests. Walter B. Stevens, secretary of the exposition, will give a \$250 silver cup as a point trophy in the western inter-collegiate championship contests.

### Better Than Gold.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by H. P. Dunn & Co.

## REMAINS ARE BROUGHT HOME.

Frank Sykora Returned this Morning from  
St. Paul With Remains of His Brother  
Joseph Who Died There.

The remains of the late Joseph Sykora were brought back to Brainerd this morning accompanied by Frank Sykora and they were taken to the family residence on Sixth street, where they will lie in state until the funeral which will be held tomorrow afternoon at 3 o'clock from St. Francis' Catholic church. The body will be taken from the house at 2:45 p. m. and all members of the C. O. F. are requested to meet at the house at that hour to attend the funeral in a body. The members of the Elks' band are also requested to meet at that hour at the house.

Frank Sykora stated this morning that all the reports in the St. Paul papers were entirely unfounded. He is positive that his brother did not commit suicide. When he went down he had quite a little money and Frank states that the fact that the transom of the room was tightly closed was conclusive that the young fellow was taking extra precaution for fear of being robbed of what he had. He had not traveled a great deal alone and had seldom been away from home and was not accustomed to the use of a gas light, and it is no wonder that he was not very careful in turning off the jet.

On Wednesday evening he was out of the hotel until about 10:30 o'clock. He met young Arthur Winters, formerly of this city, on that evening and they spent some time together. He was up to Winters' room and stayed until about 10 o'clock. He was in the best of spirits and did not give the slightest evidence of being at all depressed.

## PATRIOTICALLY ENTERTAINED

Members of the Fortnightly Club Entertained This Afternoon by Mesdames

G. W. Ames and N. H. Ingersoll.

A galaxy of well arranged clusters of red, white and blue emblems, large American flags substituted for the portiers and curtains, and tiny American flags placed here and there about the rooms, served admirably as decorations at an American euchre party given this afternoon when Mrs. George W. Ames and Mrs. N. H. Ingersoll entertained the members of the Fortnightly club at the home of the former on Kingwood.

The affair, unique in every detail and something out of the ordinary, was voted one of the most pleasant that the ladies have attended this winter, and it gave all present food for thought along the art of providing happy diversions for afternoons.

The patriotic colors red, white and blue prevailed throughout the house and the decorations were so artistically executed that the same throughout in color gave a most desirable effect. In the hall, for instance, as one entered there were two large American flags drooping gracefully from the rack, and here and there little bits of coloring gave tone to the scene. In the front parlor long strings of red, white and blue ribbons were extended from the chandelier to the four corners of the room. The front window was hung with a large flag and another beautiful one hung gracefully in the place of the portiers between the front and back parlors. The same effect was carried out through all the rooms and it offered a most pleasing picture.

The tables were also covered with the American colors. There were twenty ladies present and they played at five tables. On the center of each table there was a bowl of sugar, the exterior of which was also festooned with the red, white and blue. Planted in the center of the bowls on each were little flags with a name of a different fort of prominence in American history. The ladies played five minutes and the signal to progress was a bugle call given at the end of each five minutes. The object was for the four playing together to capture the most forts, which were represented by twenty flags with the names of different forts on them, and at the sound of the bugle those who had the largest number of points would go back to their original table, or fort, and plant their flag in the sugar, which was an indication of victory. At the end of the play the four having planted the largest number of flags were entitled to the four prizes given, two beautiful silk American flags and two smaller silk flags framed.

The same color scheme was carried out only throughout the decorations and in the games, but the refreshments were also in red, white and blue. For instance, the ice cream was in red, white and blue. Delicious refreshments were served and withal the twenty ladies spent one of the most pleasant afternoons of the winter.

## MUSIC AND DRAMA.

PECK'S BAD BOY.

The Leroy J. French Peck's Bad Boy Company, now playing a three days' engagement at the opera house, are giving the people plenty of amusement and their money's worth. While this play has been on the road twenty years, it was never produced in such a creditable manner in this city before. Mr. French has certainly gauged the public right in finding what they want and giving the same. The company is a well balanced one and consists of singers equal to any ever seen in a comedy at the opera house.—Daily Sun, St. John, N. B., Friday, Sept. 17, 1903.

This attraction is at the Brainerd theatre tonight and Mr. French promises some very clever specialties among which are the Tuson Sisters, world's champion rifle experts; Emilie Brunner, a phenomenal lady baritone; the Peck's Bad Boy Quartette and the parol dance. Prices are only 25, 50 and 75c.

### "FAIRYLAND."

Large numbers of women and children will no doubt be in attendance at the Brainerd opera house next Monday and Tuesday evenings to see the wonderful performances given by the Ireland entertainers. They give the finest production of Uncle Tom's Cabin ever presented in this city; also "Fairyland," or the kingdom of the fairies. A new spectacular cinematograph production in thirty-two tableaux showing the prince rescued by the mermaid queen—encounter with a cuttle fish, the submarine grottoes, the palace of lobsters, in Neptune's empire, (great submarine spectacle), the whale (the omnibus of the deep, and a score of others. The prices are only 50c for the entire lower floor, 35c in the balcony and 25c in the gallery. Seats are now on sale at Dunn's drug store.

### "ERICK OF SWEDEN."

The northland singer, Mr. Ben Hendrick, engagement at the opera house is next Wednesday, Feb. 17. This popular singer will be seen in Mr. Sidney R. Ellis' romantic play, "Erick of Sweden." Mr. Ellis, who is conducting the tour of Mr. Hendricks, has staged the play in fine style. Mr. Hendricks will sing six new and catchy songs during the action of the play.

### THE ELKS' MINSTRELS.

It is only about a week now before the big Elks' minstrel at the Brainerd opera house and the boys are doing all kinds of hustling and the coming week will see some good work in putting on the finishing touches. The program for the first and second parts is now complete and there will be no changes. Can anyone imagine a better evening's amusement than to sit and listen to such artists in their line as Messrs. C. D. Johnson, C. C. Kyle, A. L. Mattes, S. F. Alderman, Charlie Wilson and Dr. Chambers, besides many other good numbers. They are all stars in their different lines. There will be a flow of wit and humor that will be right up to date and all the jokes will be cleverly arranged on local people. No one should miss the big Elk performance this year. Tickets are \$1.75 and 50 cents.

Only one remedy in the world that will at once stop itchiness of the skin in any part of the body; Doan's Ointment. At any drug store 50 cents.

### THE GUARANTEED CATARRH CURE.

H. P. Dunn & Co. Will Return Money if  
Hymei Fails. No Stomach Dosing.

Hymei has made so many cures of  
the most chronic and deep seated cases  
of catarrh, that H. P. Dunn & Co. con-  
sider it a specific in this disease.

They extend an invitation to all  
catarrh sufferers to call at their store and  
purchase a Hymei outfit with the dis-  
tinct understanding that it will be  
absolutely free unless it affects a cure.

The chief reason for the unusual suc-  
cess of Hymei in the treatment of  
catarrhal troubles and other diseases of  
the air passages, is the fact that it cures  
by a new principle, impregnating the  
air you breathe with healing and germ  
killing balsams. On this account it  
reaches the seat of the disease in a way  
impossible to pills, drugs or other stom-  
ach dosing.

Many of H. P. Dunn & Co.'s custom-  
ers who have suffered with catarrh  
since childhood have been cured com-  
pletely by this scientific remedy.

The complete Hymei outfit costs \$1.  
and consists of an inhaler that can be  
carried in the purse or pocket, a medi-  
cine dropper and a bottle of Hymei.  
Extra bottles can be obtained for 50c.,  
making it a most economical remedy for  
the cure of catarrh.

Do not suffer longer with catarrhal  
disorders, but get a Hymei outfit from  
H. P. Dunn & Co., under their guarantee  
to return the money if it fails. You run  
no risk whatever. If it cures, the treat-  
ment is not expensive, while if it fails,  
H. P. Dunn & Co. will refund your money  
and it costs you absolutely nothing.

## END WAS VERY NEAR

SENATOR HANNA SUFFERS SINK-  
ING SPELL THAT ALMOST  
PROVES FATAL.

### UNCONSCIOUS MANY HOURS

PHYSICIANS RESORT TO HEROIC  
MEASURES TO SAVE THEIR  
PATIENT'S LIFE.

Washington, Feb. 13.—Senator Hanna  
is passing through the climax of  
his illness and Friday afternoon  
it was feared he was dying, but at night  
he rallied strongly and there is again  
some hope that he yet may win the  
forlorn fight. The odds are much  
against his recovery but the sturdy  
physique of the man, aided by oxygen  
and powerful stimulants, brought him  
through Friday afternoon, when he was  
sinking rapidly, and possibly may do  
so again.

It is now a question how long the  
climax of the fever will last and how  
many and severe will be any further  
acute attacks, for Friday's spell was  
so severe that another probably would  
witness the end.

Friday's acute attack came in the  
form of a chill about 2 o'clock, and not  
long afterwards Senator Hanna passed  
into unconsciousness, not to return again  
until near 6 o'clock. His pulse at  
this time ran up to 130 and was so  
feeble it was not perceptible at the  
wrist. Three hours or so later, how-  
ever, he had shaken off the attack to  
so great an extent that Dr. Osler, the  
Baltimore physician in attendance, as  
he came from the sick room at 9:35  
o'clock, said there had been a decided  
improvement and that the pa-  
tient's pulse was much stronger and  
had fallen nearly 20 points.

Miss Mary Phelps, the senator's  
niece, was near at hand when the doc-  
tor came from the sick room and when  
she heard the announcement of the  
rally, she asked:

"Then you have hope, doctor?"  
"Hope," the doctor replied, "of  
course there is hope. When a man  
rallies from a sinking spell such as  
the senator had this afternoon and  
showed such strength afterward there  
is the best ground for hope."

### Developments Seemed More Favorable.

The first information from the sick  
room in the Arlington hotel Friday  
showed the fever to have attained the  
highest point yet reached and the doc-  
tor looked for the senator's tempera-  
ture to be at its worst during the fol-  
lowing forty-eight hours, but it unex-  
pectedly lowered as the day wore on  
and developments seemed more favor-  
able.

About 2 o'clock in the afternoon,  
however, the high fever was succeeded  
by a sudden chill which resulted in an  
alarming complication. Powerful  
stimulants were promptly used. For  
two hours and a half oxygen was ap-  
plied continuously and later more ir-  
regularly as its good effects began to  
manifest themselves.

At one time during the sinking  
spell, the pulse was scarcely perceptible  
at the wrist. The senator lapsed into  
unconsciousness with the sinking  
spell. Dr. Carter was alone with him  
at the beginning of the attack, but  
Doctors Osler and Rixey were sum-  
moned immediately and on their ar-  
rival the three worked incessantly  
with their patient until the reaction  
came late in the afternoon. Prior to  
the sinking spell saline solutions were  
given and strychnine in 1-30 grain  
doses were administered, but much  
more heroic remedies were resorted to  
during the period of the acute at-  
tack. In the forenoon the senator had  
been well enough to be shaved, he  
making the request to his brother, H.  
M. Hanna.

Mrs. Hanna, Mrs. McCormick, H. M.  
Hanna, Miss Phelps and Secretary  
Dover were with the senator during  
the sinking spell. Mrs. Parsons and  
Daniel Hanna have been summoned  
from Cleveland.

### Assisted His Physicians.

Senator Hanna recovered conscious-  
ness shortly after 6 o'clock and three  
several times to speak to Dr. Osler,  
but was too weak. The doctors asked  
him to aid them in the application of  
the oxygen by taking deep breaths.  
He did as directed, thus showing that  
he fully understood what was said.  
The heart action became better and  
the temperature lowered. A little  
later the patient took a little nourish-  
ment, including some diluted whiskey  
and retained it.

Senator Hanna, as the night wore  
on, continued at least to hold the rally  
he had shown and at 1:30 o'clock doc-  
tors said that the indications are that  
the senator would have a quiet and  
comfortable night. They said that he  
at that hour was resting without any  
artificial aid, but oxygen in slight  
and diminishing doses was being given  
him at intervals of fifteen minutes.

At 2:10 a. m. Mr. Hanna was still  
sleeping. Dr. Fletcher did not look for  
any change before morning, though  
the patient's temperature might rise  
from time to time, in which case it  
would be reduced by sponge baths.

The physicians say the chill from  
which the senator suffered is quite un-  
usual in typhoid fever cases and has  
but few precedents. It does not fol-  
low, they say, that another is likely to  
occur and for this reason they are in-  
clined to hope there may not be fur-  
ther trouble from this source.

A pathetic feature of Senator Hanna's  
illness is the receipt of a number  
of telegrams of condolence with  
his family, based on reports of his  
death which have been printed in  
newspapers in the East and West.

## END WAS VERY NEAR

SENATOR HANNA SUFFERS SINK-  
ING SPELL THAT ALMOST  
PROVES FATAL.

## UNCONSCIOUS MANY HOURS

PHYSICIANS RESORT TO HEROIC  
MEASURES TO SAVE THEIR  
PATIENT'S LIFE.

Washington, Feb. 13.—Senator Hanna is passing through the climax of his illness and Friday afternoon it was feared he was dying, but at night he rallied strongly and there is again some hope that he yet may win the forlorn fight. The odds are much against his recovery but the sturdy physique of the man, aided by oxygen and powerful stimulants, brought him through Friday afternoon, when he was sinking rapidly, and possibly may do so again.

It is now a question how long the climax of the fever will last and how many and severe will be any further acute attacks. For Friday's spell was so severe that another probably would witness the end.

Friday's acute attack came in the form of a chill about 2 o'clock, and not long afterwards Senator Hanna passed into unconsciousness, not to return again until near 6 o'clock. His pulse at this time ran up to 130 and was so feeble it was not perceptible at the wrist. Three hours or so later, however, he had shaken off the attack to so great an extent that Dr. Osler, the Baltimore physician in attendance, as he came from the sick room at 9:35 o'clock, said there had been a decided improvement and that the patient's pulse was much stronger and had fallen nearly 20 points.

Miss Mary Phelps, the senator's niece, was near at hand when the doctor came from the sick room and when she heard the announcement of the rally, she asked:

"Then you have hope, doctor?"  
"Hope," the doctor replied, "of course there is hope. When a man rallies from a sinking spell such as the senator had this afternoon and showed such strength afterward there is the best ground for hope."

## Developments Seemed More Favorable.

The first information from the sick room in the Arlington hotel Friday showed the fever to have attained the highest point yet reached and the doctor looked for the senator's temperature to be at its worst during the following forty-eight hours, but it unexpectedly lowered as the day wore on and developments seemed more favorable.

About 2 o'clock in the afternoon, however, the high fever was succeeded by a sudden chill which resulted in an alarming complication. Powerful stimulants were promptly used. For two hours and a half oxygen was applied continuously and later more irregularly as its good effects began to manifest themselves.

At one time during the sinking spell, the pulse was scarcely perceptible at the wrist. The senator lapsed into unconsciousness with the sinking spell. Dr. Carter was alone with him at the beginning of the attack, but Doctors Osler and Rixey were summoned immediately and on their arrival the three worked incessantly with their patient until the reaction came late in the afternoon. Prior to the sinking spell saline solutions were given and strychnine in 1-30 grain doses were administered, but much more heroic remedies were resorted to during the period of the acute attack. In the forenoon the senator had been well enough to be shaved, he making the request to his brother, H. M. Hanna.

Mrs. Hanna, Mrs. McCormick, H. M. Hanna, Miss Phelps and Secretary Dover were with the senator during the sinking spell. Mrs. Parsons and Daniel Hanna have been summoned from Cleveland.

## Assisted His Physicians.

Senator Hanna recovered consciousness shortly after 6 o'clock and tried several times to speak to Dr. Osler, but was too weak. The doctors asked him to aid them in the application of the oxygen by taking deep breaths. He did as directed, thus showing that he fully understood what was said. The hearty action became better and the temperature lowered. A little later the patient took a little nourishment, including some diluted whiskey and retained it.

Senator Hanna, as the night wore on, continued at least to hold the rally he had shown and at 1:30 o'clock doctors said that the indications are that the senator would have a quiet and comfortable night. They said that he at that hour was resting without any artificial aid, but oxygen in slight and diminishing doses was being given him at intervals of fifteen minutes.

At 2:10 a. m. Mr. Hanna was still sleeping. Dr. Fletcher did not look for any change before morning, though the patient's temperature might rise from time to time, in which case it would be reduced by sponge baths.

The physicians say the chill from which the senator suffered is quite unusual in typhoid fever cases and has but few precedents. It does not follow, they say, that another is likely to occur and for this reason they are inclined to hope there may not be further trouble from this source.

A pathetic feature of Senator Hanna's illness is the receipt of a number of telegrams of condolence with his family, based on reports of his death which have been printed in newspapers in the East and West.
